Teaching a Lexis-based Academic Writing Course Lawrence J. Zwier 2006 Teaching a Lexis-Based Academic Writing Course is a companion to Building an Academic Vocabulary, which was written for students who need to develop college-level vocabulary skills. Building Academic Vocabulary (0-472-08589-1) helps students develop lexical precision as they work in such often-exercised modes as cause-effect, general description, description of processes, and comparison/contrast. Teaching a Lexis-Based Academic Writing Course will help instructors use Building an Academic Vocabulary more effectively, but it can also be used as a companion to any writing text and by instructors who want their writing course to have more of a focus on vocabulary. Each chapter includes additional practice exercise and five additional quizzes on collocations and common phrases, related forms, and additional vocabulary. This resource provides instructors with a valuable tool for helping students develop precision and fluency in their academic writing.

Academic Writing Stephen Bailey 2011-01-25 Most international students need to write essays and reports for exams and coursework. Yet writing good academic English is a demanding task. This new edition of Academic Writing has been fully revised to help students reach this goal. Clearly organised, the course explains the writing process from start to finish. Each stage is demonstrated and practised, from selecting suitable sources, reading, note-making and planning through to re-writing and proofreading. The book is divided into short sections which contain examples, explanations and exercises for use in the classroom or self-study. Cross-references allow easy access to relevant sections, and a full answer key is included. The 3rd edition has been developed in response to suggestions from both students and teachers. Featuring a new website, there is increased coverage of plagiarism, argument, cause and effect, comparison, definitions and academic style. Different forms of writing, including reports and literature reviews, are also covered. All international students wanting to maximise their academic potential will find this easy-to-use, practical book a valuable guide to writing in English for their degree courses. Academic Writing for International Students of Science Jane Bottomley 2014-07-25 Academic Writing for International Students of Science will help international students to develop their command of academic scientific writing in English. It guides students through the writing process itself, and will help them to produce clear, well-written and well-organised essays and reports. The book covers a range of issues such as how to explain complex ideas clearly and concisely, how to develop a coherent argument, and how to avoid plagiarism by making effective reference to sources. Through detailed analysis of authentic scientific texts, the book will enhance students' understanding of the nature of academic scientific writing. This will enable them to understand how language and discourse function in a real scientific context. The texts serve as models of good writing and are followed by practice activities which will help students to develop their own writing skills. Key topics include: the writing process; academic scientific style; sentence structure; paragraph development; referring to sources; coherence, argument and critical thinking; academic and scientific conventions. This book will be an invaluable companion to those studying for a science or technology degree in an English-speaking institution. Informative study boxes, model answers and a clear, comprehensive answer key mean that the book can be used for self-study or with guidance in the classroom.

Writing Matters! Du Bois 2002-11-01 Writing Matters! a core writing book offers an introduction to academic writing for students who have relatively limited English skills, as well as those students who are somewhat proficient with spoken English but need to improve their writing. Students learn the basic rules of English sentence structure, grammar points and mechanics, and the basic organizational skills needed to write clear, well-developed paragraphs. The text is unique - all skills are integrated in one book and teachers and students using this text do not need a grammar book supplement. Writing Matters! is written with a one semester, 5-6 hour-a-week course in mind. The text offers a variety of flexible activities that allow students to work on an individual basis, in pairs and peer groups, or as an entire class. In the sentence structure and grammar chapters, students concentrate on basic sentence skills, accurate verb-tense usage, subject-verb agreement, and the avoidance of run-ons, comma splices, and sentence fragments. In the paragraph chapters, students learn to develop the basic three-part English paragraph (topic sentence, body, conclusion), using these specific steps in the writing process: . prewriting for ideas (clustering, listing, note-taking, brainstorming). . Making an outline to plan a paragraph . Writing the first draft . Revising and editing . Writing the final draft Components: . Student Book 0-07-255279-4 . Instructor's Manual (contains teaching notes and answers to student book questions) 0-07-255280-8.

Academic Writing for International Students of Business Stephen Bailey 2010-10-25 Academic Writing for International Students of Business is the first book specially designed to assist overseas students studying Business or Economics courses in English. Most courses expect students to complete a variety of writing tasks as part of their assessment, such as essays, reports and projects. For many students these can be a major concern, but this book explains the writing process from start to finish and practises all the key writing skills. Academic Writing for International Students of Business is clearly organised and can be used either with a teacher or for self-study. It is divided into four main parts: the Writing Process, from assessing sources to proof-reading the completed work elements of Writing, practising such skills as giving definitions and examples accuracy in Writing, with 15 units on areas from abbreviations to verb tenses writing models, which illustrate emails, CVs, reports and longer essays. This pattern makes it easy for teachers or students to find the help they need with writing tasks. All the units include extensive practice exercises, and a full answer key is included. All the material has been thoroughly tested and revised. This is an up-to-date course which reflects the interests and issues of contemporary Business studies. Critical reading, avoiding plagiarism and working in groups are dealt with in detail. This practical and easy-to-use guide will help students planning to progress onto a career with international companies or organisations, where proficiency in written English is an important asset.

Academic Writing in a Second or Foreign Language Ramona Tang 2012-01-12 It can be a challenge writing in a language that is not your native tongue. Constructing academic essays, dissertations and research articles in this second or foreign language is even more challenging, yet across the globe thousands of academics and students do so, some out of choice, some out of necessity. This book looks at a major issue within the field of English for Academic Purposes (EAP). It focuses on the issues confronting non-native-English-speaking academics, scholars and students, who face increasing pressure to write and publish in English, now widely acknowledged

as the academic lingua franca. Questions of identity, access, pedagogy and empowerment naturally arise. This book looks at both student and professional academic writers, using qualitative text analysis, quantitative questionnaire data, corpus investigations and ethnographic approaches to searchingly examine issues central to the EAP field.
