EBOOK: The Good Research Guide: For Small-Scale Social Research Projects Martyn Denscombe 2017-06-16 This bestselling introductory book offers practical and straightforward guidance on the basics of social research, ideal for anyone who needs to conduct small-scale research projects as part of their undergraduate, postgraduate or professional studies. The book provides: • A clear, straightforward introduction to data collection methods and data analysis • Jargon-free coverage of the key issues • Checklists to guide good practice The sixth edition has been extensively updated and includes features such as: • A new chapter on the Life Course Perspective • A new chapter on Literature Reviews • New material on the Delphi Technique • An updated and expanded chapter on the analysis of Quantitative Data • New examples and illustrations throughout The Good Research Guide, 6th edition is a valuable resource for anyone conducting social research including those in applied areas such as business studies, health studies, nursing, education, social work, policy studies, marketing, media studies and criminology. "Denscombe's The Good Research Guide, now in its 6th edition, continues to be one of the leading books in the field. It covers the topics a student or practitioner doing a research project needs to know from project design, theoretical underpinnings of research, data collection and analysis to writing up your research. Its accessible and practical approach means that it is an excellent resource for those new to undertaking independent research." Liam Foster, Senior Lecturer in Social Policy and Social Work, Sheffield University, UK "Martyn Denscombe's text continues to remain core reading for those undertaking small pieces of research and those who need to gain a firm grounding in the principles of research theory and practice. From deciding on a research approach to the process of writing up, this finely balanced edition offers a comprehensive and detailed guide to the research cycle. Pragmatic, and with the needs of the researcher always in mind, it makes social science research accessible, undaunting, and, what's more, a completely possible, stimulating, and enjoyable endeavour." Yunis Alam, Faculty of Social Sciences,

University of Bradford, UK "The Good Research Guide provides a comprehensive view of the complex strategies and approaches of conducting social research, explained in simple terms. Relevant examples and check lists provided in each section not only helps to gain better understanding but also reflect on one's own research. This book has tremendously helped me to gain knowledge and understanding of complex research strategies. It will provide clear guidance and direction for students and researchers in their research journey to achieve success." Deborah Ebenezer, Research Student "I think the book has a very good précis of areas relevant to the title. It outlines very well in a logical order the elements pertinent to 'social research'. Each chapter is relatively comprehensive and deals with subject material that is important, in a language that is accessible throughout. It does what it says on the tin and provides practical information and guidance as a 'how to' text' for those needing help with this type of research project. In particular I think the checklists are an excellent chapter ending to help plan and bring into sharp focus what is needed for any particular approach. The within chapter examples are excellent and help to further inform the reader what the author is trying to convey. Chapter links help further embed concepts and show how the various research elements may be associated. Overall an excellent introductory text that embodies a no-nonsense approach to a subject that can be at times complex. By breaking down topic areas and giving simple examples the subject is eminently accessible to the reader. Well done!" Stephen Pearson, Senior Lecturer in Human and Applied Physiology, School of Health Sciences, University of Salford, UK "This new edition provides comprehensive guidance to those undertaking small-scale social research projects including dissertations in business and management and the social sciences and I would recommend its use for all those new to research and also to refresh the thinking of those with prior research experience. Part 1 addresses a range of strategies for social research including surveys, sampling, case studies, experiments, ethnography, the life course perspective, grounded theory, action research, phenomenology, systematic review and mixed methods. There are few texts which address research strategies in such a comprehensive manner. The text develops in Part 2 by providing clear guidance on the selection and use of appropriate methods of data collection such as questionnaires, interviews, observation and documentary analysis, taking into account the aims and objective of the research project. Part 4 considers both quantitative and qualitative data analysis with Part 4 providing essential information on research ethics, the reporting of research and on the conduct and presentation of the literature review essential to all research projects. I have no hesitation in commending this text for use by undergraduate and post-graduate students as well as those undertaking research projects independent of an academic programme." Dr. Bobby Mackie, Senior Lecturer, School of Business and Enterprise, University of the West of Scotland, UK

The Practice of Research in Criminology and Criminal Justice Ronet D. Bachman 2016-01-19 The Practice of Research in Criminology and Criminal Justice, Sixth Edition continues to demonstrate the vital role research plays by integrating in-depth, real-world case studies with a comprehensive discussion of research methods. By pairing research techniques with practical examples from the field, Ronet D. Bachman and Russell K. Schutt equip students to evaluate and conduct research. Covering research findings from critical areas in criminal justice, such as police use of force, cybercrime, and race, this text helps students understand the importance of research, not just the process. The Sixth Edition of this best-selling text retains the strengths of previous editions while breaking ground with emergent research methods, enhanced tools for learning in the text and online, and contemporary, fascinating research findings. Students engage with the wide realm of new research methods available to them, delve deeper into topics relevant to their field of study, and benefit from the wide variety of new exercises to help them practice as they learn.

Criminology Eamonn Carrabine 2004 This sociological introduction provides a much-needed textbook for an increasingly popular area of study. Written by a team of authors with a broad range of teaching and individual expertise, it covers almost every module offered in UK criminological courses and will be valuable to students of criminology worldwide. It covers: key traditions in criminology, their critical assessment and more recent developments new ways of thinking about crime and control, including crime and emotions, drugs and alcohol, from a public health perspective different dimensions of the problem of crime and misconduct, including crime and sexuality, crimes against the environment, crime and human rights and organizational deviance key debates in criminological theory the criminal justice system new areas such as the globalization of crime, and crime in cyberspace. Specially designed to be user-friendly, each chapter contains boxed material on current controversies, key thinkers and examples of crime and criminal justice around the world with statistical tables, maps, summaries, critical thinking questions, annotated references and a glossary of key terms, as well as further reading sections and additional resource information as weblinks.

Criminal Law for Criminologists Noel Cross 2020-03-25 Criminal Law for Criminologists uses theoretical and practical research to bridge the gap between 'the law in the books' (criminal law doctrine) and 'the law in action' (criminal justice process). It introduces the key policies and principles that drive criminal law in England and then explains the law itself in terms of relevant statute and case law. Starting with an outline of the basic principles and theories of criminal law and criminal justice, the author goes on to discuss: Criminal law and criminal justice in historical perspective, General principles of criminal law, including actus reus and mens rea, Specific types of criminal offence, including property, homicide, sexual, public order and drug offences, An overview of defences to crime, An appendix outlining essential legal skills. In examining the links between the worlds of criminal law and

criminal justice, Criminal Law for Criminologists brings a fresh perspective to this field of research. Written in a clear and direct style, this book will be essential reading for students of criminology, criminal justice, law, cultural studies, social theory, and those interested in gaining an introduction to criminal law.

Criminology Gennaro F. Vito 2006 Across America, crime is a consistent public concern. The authors have produced a comprehensive work on major criminological theories, combining classical criminology with new topics, such as Internet crime and terrorism. The text also focuses on how criminology shapes public policy.

Criminology, Crime and Justice in Ireland James Windle 2022-10-11 This book offers an accessible and comprehensive introduction to criminology in Ireland. Logically structured and clearly written, this book explores theory and empirical research through real-life examples from an Irish context. Engaging and challenging, this book encourages critical thinking about, and understanding of, crime and crime control in Ireland, North and South. The book covers the canon of criminological theory, from classical and psychological approaches right through to the contemporary. It offers an overview of the Irish criminal justice system, including the police, prisons and alternatives to punishment. It covers key criminological themes such as victims and victimology, gender, the drug trade and its regulation, terrorism and political violence, and desistance and the life course. Key features include: Critical assessment of key criminological theories, which are later woven into discussions of key thematic areas; Case studies of historical and contemporary Irish events, including the Magdalene Laundries, gangland feuds and the decriminalisation of drugs; Extensive reading lists of key academic texts and relevant Irish literature, movies, music and art. This book is the only comprehensive criminology textbook specifically designed for the Irish undergraduate curriculum. It is essential reading for all criminology students in the Republic of Ireland and Northern Ireland and will also be of interest to postgraduates and academics looking for an overview of Irish Criminology.

Introduction to Professional Policing Ian K. Pepper 2020-04-10 Policing is a dynamic profession with increasing demands and complexities placed upon the police officers and staff who provide a 24-hour service across a diverse range of communities. Written by experts in police higher education from across both academic and professional practice, this book equips aspiring or newly appointed police constables with the knowledge and understanding to deal with the significant and often complex challenges they face daily. Introduction to Professional Policing explores a selected number of the core underpinning knowledge requirements identified as themes within the evolving National Policing Curriculum (NPC) and Police Education Qualifications Framework (PEQF). These include: The evolution of criminal justice as a discipline Exploration of operational duties The ethics of professional policing Victims and protection of the vulnerable Crime prevention and approaches to counter-terrorism Digital policing and data protection Evidence based decision making Police leadership At the end of each chapter the student finds a case study, reflective questions and a further reading list, all of which reinforces students' knowledge and furthers their professional development. Written in a clear and direct style, this book supports aspiring police constables, newly appointed police constables or direct entry (DE) detectives, as well as those interested in learning more about policing. It is essential reading for students taking a degree in Professional Policing.

Criminology: Theories, Patterns and Typologies Larry J. Siegel 2016-10-04 The bestselling text on the market -- now in its thirteenth edition -- **CRIMINOLOGY: THEORIES, PATTERNS, AND TYPOLOGIES** delivers the most comprehensive, in-depth analysis of criminological theory and crime typologies available. In addition to its unparalleled breadth and depth of coverage, the text is unrivaled in its strong research base and currency. The chapters in Part Three (Crime Typologies) cover some of the hottest issues in the field today: ISIL and terrorism, mass shootings, green crime, transnational crime, and cybercrime. Packed with real-world illustrations, the thirteenth edition is completely updated and includes cutting-edge seminal research, up-to-the-minute policy, newsworthy examples, and hundreds of new references. Renowned for his unbiased presentation of theories, issues, and controversies, Dr. Siegel encourages students to weigh the evidence and form their own conclusions. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Criminal Justice Today Schmalleger 2002-07

Murder City Michael Arntfield 2015-06-09 Like the mythic cities of Gotham or Gomorrah, London, Ontario was for many years an unrivalled breeding ground of depravity and villainy, the difference being that its monsters were all too real. In its coming to inherit the unwanted distinction of being the serial killer capital of not just Canada—but apparently also the world during this dark age in the city's sordid history—the crimes seen in London over this quarter-century period remain unparalleled and for the most part unsolved. From the earliest documented case of homicidal copycatting in Canada, to the fact that at any given time up to six serial killers were operating at once in the deceptively serene "Forest City," London was once a place that on the surface presented a veneer of normality when beneath that surface dark things would whisper and stir. Through it all, a lone detective would go on to spend the rest of his life fighting against impossible odds to protect the city against a tidal wave of violence that few ever saw coming, and which to this day even fewer choose to remember. With his death in 2011, he took these demons to his grave with him but with a twist—a time capsule hidden in his basement, and which he intended to one day be opened. Contained inside: a secret cache of his diaries, reports, photographs, and hunches that might allow a new generation of sleuths to pick up where he left off, carry on his fight, and ultimately bring the killers to justice—killers that in many cases are still out there. **Murder City** is an explosive book over fifty years in the making, and is the history of London, Ontario as never told before. Stranger than fiction, tragic, ironic, horrifying, yet also inspiring, this is the true story of one city under siege, and a book that marks a game changer for the true crime genre.

Criminal Justice Today Frank Schmalleger 2016-01-05 The gold standard for introductory criminal justice texts. Best-selling and time-tested, **Criminal Justice Today: An Introductory Text for the 21st Century**, continues to lead the field as the gold-standard for introductory criminal justice texts. Its comprehensive coverage focuses on the crime picture in America and on the three traditional elements of the criminal justice system: police, courts, and corrections. Building upon the theme of individual freedom versus personal security, it challenges students to evaluate the strengths and weaknesses of the American justice system as it adapts to the needs of a complex and rapidly changing society. An instructor and student favorite, the Fourteenth Edition continues its tradition of thorough analysis of today's issues in an easy-to-read format. **Criminal Justice Today, 14/e** is also available via REVEL™, an interactive learning environment that enables students to read, practice, and study in one continuous experience. Learn more.

Revel for Criminology Today Frank Schmalleger 2018-07-25 For courses in criminology. A thorough, student-friendly introduction to criminology With a hallmark theme of social problems versus individual responsibility, **Revel(TM) Criminology Today: An Integrative Introduction** prompts students to think critically about the causes of crime and the link between crime theories and policies. Real-life stories and up-to-date issues and examples bring to life both historical and modern criminological approaches. The 9th edition provides more coverage of terrorism and cyberterrorism, including an overview of the many types of terrorist groups and the findings and recommendations of special committees and government bodies. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a traditional textbook. NOTE: Revel is a fully digital delivery of Pearson content. This ISBN is for the standalone Revel access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use Revel.

Introduction to Criminology Frank E. Hagan 2015-12-09 Written by active researcher and bestselling author, Frank E. Hagan, **Introduction to Criminology, Ninth Edition** is a comprehensive introduction to the study of criminology, focusing on the vital core of criminological theory— theory, method, and criminal behavior. With more attention to crime typologies than most introductory texts, Hagan investigates all forms of criminal activity, such as organized crime, white collar crime, political crime, and environmental crime. The methods of operation, the effects on society and policy decisions, and the connection between theory and criminal behavior are all explained in a clear, accessible manner. All statistics, tables, and figures have been updated, as have the photographs, supplements,

and audio and video packages in the new edition to make the material most relevant for your course.

The 'Million Dollar Inmate' Heather Ahn-Redding 2007-12-17 What kinds of beliefs do most Americans hold about crime and violence, and where do these beliefs come from? What kinds of people are sent to prison—are the average inmates dangerous criminals, or are they involved in low-level drug-related, property, or public-order offenses? Who is ultimately paying for their time in prison? The 'Million Dollar Inmate' highlights the financial and social costs of America's incarceration of non-violent offenders. With its focus on the specific population of non-violent offenders, this book provides a unique, sociological approach to the problem of handling such a large population at such tremendous costs—paid, for the most part, by taxpayers. Basing her insight on extensive research into the origins of America's correctional systems, the visible and non-visible costs incurred by the practice of incarcerating non-violent offenders, and the goals of the prison system, Heather Ahn-Redding dares to expose flaws in current correctional practices and suggest ways they can be not only changed but also re-envisioned. Ideally suited to researchers, advanced undergraduate students, graduate students, and policymakers.

Criminology Steve E. Barkan 2014 Taking a sociological perspective, this book offers award-winning coverage of criminology and highlights issues of race, ethnicity, gender and social class throughout. Criminology: A Sociological Understanding, 6e, provides a sociological perspective on crime and criminal justice by treating social structure and social inequality as central themes in the study of crime—and major factors in society's treatment of criminals. It gives explicit attention to key sociological concepts such as poverty, gender, race, and ethnicity, and demonstrates their influence on crime. Moving beyond simple "get tough" approaches, the book emphasizes the need to understand social causes of criminal behavior in order to significantly reduce it. This sixth edition continues to include certain chapters that remain uncommon in other criminology texts, including Chapter 2: Public Opinion, the News Media, and the Crime Problem; Chapter 11: Violence Against Women; Chapter 14: Political Crime; and Chapter 18: Conclusion: How Can We Reduce Crime? In addition, the book's criminal justice chapters, Chapter 16 (Policing: Dilemmas of Crime Control in a Democratic Society) and Chapter 17 (Prosecution and Punishment), continue to address two central themes in the sociological understanding of crime and criminal justice: (1) the degree to which race and ethnicity, gender, and social class affect the operation of the criminal justice system; and (2) the extent to which reliance on the criminal justice system can reduce the amount of crime. Throughout the text, key concepts are supported with a comprehensive package of pedagogical material and teaching/learning aids. Teaching and Learning Experience This book offers a unique sociological introduction to the field of criminology. It provides: A unique sociological perspective: Emphasizes the need to understand social causes of criminal behavior in order to significantly reduce it Award-winning coverage: Features topics not covered in other introductory criminology texts Strong pedagogical features: Gives students the tools to master key concepts faster and more effectively while making class preparation quick and easy for instructors

Penology Karen Harrison 2019-11-08 This textbook considers the full breadth of the criminal justice system, going beyond prisons to cover other punishments such as out-of-court disposals and community penalties, as well as issues around rehabilitation and reintegration. It offers a holistic and contemporary account of the penal system in England and Wales. Helping students to understanding the ever-changing environment of penal policy and practice, this book not only provides a strong foundation in penal theory but also has a strong focus on actual practice. Author Karen Harrison draws on a number of interviews with people who work within or for agencies associated with the penal system, as well as accounts of prison visits that build a picture of current prison life. Packed with helpful features, Penology includes Spotlight profiles of the penal system in countries across the globe. The text also covers a range of specific offenders, examining not just white adult men but women offenders, children and young people and BAME groups. This is essential reading for students in England and Wales studying penology, punishment and prisons at undergraduate or postgraduate level. It's also offers important insights for students of criminology, criminal justice, law and social science.

Comparative Criminal Justice Francis Pakes 2019-02-12 This book offers a scholarly introduction to comparative criminal justice. It examines and reflects on the ways different countries and jurisdictions deal with the main stages in the criminal justice process, from policing, to systems of trial, to sentencing, and punishment. This popular bestseller has been fully updated and expanded for the fourth edition. This textbook provides the reader with: a comparative perspective on criminal justice and its main components a knowledge of methodology for comparative research and analysis a discussion of global trends such as the global drop in crime, the punitive turn, penal populism, privatization, international policing and international criminal tribunals an understanding of the emerging concepts in comparative criminal justice, such as security, surveillance, crimmigration and penal exceptionalism a global and historical consideration of the death penalty and international criminal justice increased attention to environmental crime, genocide and policy brutality. The new edition has been fully updated to keep abreast with this growing field of study and research, to include a broader coverage of judicial decision makers; a new chapter on the death penalty in comparative perspective; and further coverage of key topics such as global policing and electronic monitoring, and new insights into measuring and understanding crime and punishment globally. In this book, lists of further reading, study questions and boxed case studies help bring comparative criminal justice alive for students and instructors alike. This book is perfect reading for advanced undergraduates and postgraduates taking courses

in comparative criminal justice and those who are engaged in the study of global responses to crime.

The Deviant Security Practices of Cyber Crime Erik H.A. van de Sandt 2021-08-09 This is the first book to present a full, socio-technical-legal picture on the security practices of cyber criminals, based on confidential police sources related to some of the world's most serious and organized criminals.

Crime & Criminology Rob White 2017-05-26 Crime and Criminology is an introduction to the causes of crime. The sixth edition explores the key theories to try and explain criminal behaviour in society, providing students with the opportunity to evaluate how criminologists employ these theories in their analysis of criminological issues. This sixth edition has been thoroughly updated to include new examples and expand on the new directions in crime and criminology. The book includes learning features designed to engage students in theory and current criminological research by demonstrating how theory can be placed into a modern context or used to frame research. It will provide learning pathways beyond the theory, providing students with the skills to understand their own theoretical perspective and understand the social context, history and concepts behind criminological theory. New to this edition Significant revision to key chapters: Expanded coverage of biocriminological and psychological positivism Chapter 7: Feminist Perspectives Chapter 8: Realistic Approaches Chapter 9: Republican Theory and Restorative Justice A new chapter on Cultural and Postmodern Criminology.

Match-Fixing in International Sports M.R. Haberfeld 2013-11-23 Match –fixing has become a widespread international problem in recent years. It includes everything from bribery of players, to putting undue influences on the owners of the soccer clubs, managers, coaches and others who have the ability to affect the final scores. In addition, match-fixing spills over into the arena of illegal betting (in person and online), which creates a host of additional organized crime opportunities, including human trafficking, prostitution, drugs, extortion and even terrorism. This timely volume brings together international contributions with an aim is to increase awareness of the problems associated with match-fixing and the degree to which key agents in sport, particularly young people, are vulnerable. The contributions are based on INTERPOL's Global Experts Meeting in Singapore, in November 2012, which brought together key speakers to discuss issues surrounding match-fixing and how to combat corruption in football through channels of education. The purpose of this meeting was to identify ways that academia can play a role in developing and implementing training modules and academic courses, including certification procedures, to prevent match-fixing and develop lines of study at all educational levels. This unique work reflects the gravity of the situation around the world together with possible solutions.

Criminology: Theory, Research, and Policy Gennaro F. Vito 2011-09-29 Ideal for allied health and pre-nursing students, Alcamos Fundamentals of Microbiology, Body Systems Edition, retains the engaging, student-friendly style and active learning approach for which award-winning author and educator Jeffrey Pommerville is known. It presents diseases, complete with new content on recent discoveries, in a manner that is directly applicable to students and organized by body system. A captivating art program, learning design format, and numerous case studies draw students into the text and make them eager to learn more about the fascinating world of microbiology.

The Sixth Edition offers a stellar multimedia package with the text, including a Companion Website; a "Cybrary" providing thousands of current Websites to facilitate research, writing, and learning; and online teaching options such as WebCT. The #1 best-selling book for introduction to criminal justice!

Handbook of Asian Criminology Jianhong Liu 2012-12-09 The Handbook of Asian Criminology aims to be a key reference for international scholars with an interest in the broad theme of international criminology in general, and the Asian region in particular. Contextualization is a key theme in this book. The role of context is often underemphasized in international criminology, so the Handbook of Asian Criminology's premise that crime and the responses to it are best understood as deeply embedded in the cultural specificity of the environment which produces them will play a key role throughout the work. Attention will be given to country- and region specific attitudes towards crime and punishment.

Crime Control Policy: Oxford Bibliographies Online Research Guide Oxford University Press 2010-05-01 This ebook is a selective guide designed to help scholars and students of criminology find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related. A

reader will discover, for instance, the most reliable introductions and overviews to the topic, and the most important publications on various areas of scholarly interest within this topic. In criminology, as in other disciplines, researchers at all levels are drowning in potentially useful scholarly information, and this guide has been created as a tool for cutting through that material to find the exact source you need. This ebook is a static version of an article from Oxford Bibliographies Online: Criminology, a dynamic, continuously updated, online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice of criminology. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit www.aboutobo.com.

Criminology Today Frank Schmalleger 2018-01-23 For courses in criminology. A thorough, student-friendly introduction to criminology With a hallmark theme of social problems versus individual responsibility, Criminology Today: An Integrative Introduction prompts students to think critically about the causes of crime and the link between crime theories and policies. Real-life stories and up-to-date issues and examples bring to life both historical and modern criminological approaches. The 9th edition provides more coverage of terrorism and cyberterrorism, including an overview of the many types of terrorist groups and the findings and recommendations of special committees and government bodies. Criminology Today: An Integrative Introduction, 9th Edition, is also available via Revel(tm), an interactive learning environment that enables students to read, practice, and study in one continuous experience.
