Reconceptualizing the Role of Critical Dialogue in American Classrooms Amanda Kibler 2020-11-20 Acknowledging teacher and student dialogue as key to student development, this volume takes a critical perspective on notions of classroom participation, extending previous scholarship to illustrate how critical, dialogic pedagogies can promote equity and inclusivity. In proposing and outlining the parameters of "critical dialogic education," the contributors to this volume document and discuss examples of classroom discourse practices that challenge the monolithic and uncritical discourse practices that traditionally silence minoritized students. Chapters draw on a range of empirical studies and present multimodal data to consider aspects of teacher education; classroom environments; and curricular innovations which promote critical and dialogical student interaction, civic engagement, and linguistic versatility. This book will be of interest to scholars, postgraduate students, and researchers working in the fields of language, classroom discourse, social justice, and critical pedagogies, as well as teacher educators and professional development leaders who work with classroom teachers.

Regents Exams and Answers: English Revised Edition Carol Chaitkin 2021-01-05 Barron's Regents Exams and Answers: English provides essential review for students taking the English Regents, including actual exams administered for the course, thorough answer explanations, and comprehensive review of all topics. Check out Barron's Regents English Power Pack two-volume set, which includes Let's Review Regents: English in addition to the Regents Exams and Answers: English book.

Critical Literacy Practice Bogum Yoon 2015-08-17 This edited book shows how critical literacy can be applied in and outside the classroom setting. It shows educators how critical theory is applied in practice using studies in diverse K-16 settings, kindergarten through university contexts. By providing specific examples of critical literacy practice in the classroom and beyond, the book aims to help teachers, researchers and teacher educators make clear connections between theory and practice in critical literacy.

Unruly Catholic Women Writers Jeana DelRosso 2013-11-01 A literary anthology exploring contemporary Catholic women's experiences. This unique literary anthology is devoted to unruly Catholic women. In short stories, poems, personal essays, and drama, the contributors describe women's struggles with Catholicism and also complicate contemporary understandings of women's relationships to their faith. Catholicism often oppresses the women in these creative pieces, but it also inspires them to challenge literary, social, political, and religious hierarchies. The collection reflects the considerations of a wide range of women from a variety of ethnic backgrounds, geographic locations, and generations; they encompass the gamut of reactions to the Catholic experience—humor, anger, nostalgia, critique, appreciation, and engagement or rejection on one's own terms. Authors address real life versus Catholic dogma, motherhood, childhood, alienation from the Church, Catholic school days, mentors and exemplary figures, Church strictures on women's sexualities, and leaving or remaining in the Church among many other experiences. Readers will find this a rich and multifaceted exploration, one that offers new perspectives and moments of recognition.

Co-Teaching for English Learners Andrea Honigsfeld 2020-09-01 This edited volume examines co-teaching and integrated service delivery for English learners (ELs). Through research and documentary accounts, it explores the collaborative instructional cycle—co-planning, co-instruction, co-assessment, and reflection practices—of co-taught programs for ELs. This volume presents current, classroom-based, practitioner-oriented research related to all aspects of co-taught programs for ELs and offers authentic evidence and practical recommendations that yield positive outcomes for this student population.

CliffsTestPrep Regents English Workbook American BookWorks Corporation 2008-06-03 Designed with New York State high school students in mind. CliffsTestPrep is the only hands-on workbook that lets you study, review, and answer practice Regents exam questions on the topics you're learning as you go. Then, you can use it again as a refresher to prepare for the Regents exam by taking a full-length practice test. Concise answer explanations immediately follow each question--so everything you need is right there at your fingertips. You'll get comfortable with the structure of the actual exam while also pinpointing areas where you need further review. About the contents: Inside this workbook, you'll get an introduction and a lesson on writing essays. You'll also find sequential, topic-specific test questions with fully explained answers for each of the following sections: Listening and writing for information and understanding Reading and writing for information and understanding Reading and writing for literary response Reading and writing for critical analysis and evaluation A full-length practice test at the end of the book is made up of questions culled from multiple past Regents exams. Use it to identify your weaknesses, and then go back to those sections for more study. It's that easy! The only review-as-you-go workbook for the New York State Regents exam.

High Stakes National Research Council 1998-12-16 Everyone is in favor of "high education standards" and "fair testing" of student achievement, but there is little agreement as to what these terms actually mean. High Stakes looks at how testing affects critical decisions for American students. As more and more tests are introduced into the country's schools, it becomes increasingly important to know how those tests are used--and misused--in assessing children's performance and achievements. High Stakes focuses on how testing is used in schools to make decisions about tracking and placement, promotion and retention, and awarding or withholding high school diplomas. This book sorts out the controversies that emerge when a test score can open or close gates on a student's educational pathway. The expert panel: Proposes how to judge the appropriateness of a test. Explores how to make tests reliable, valid, and fair. Puts forward strategies and practices to promote proper test use. Recommends how decisionmakers in education should--and should not--use test results. The book discusses common misuses of testing, their political and social context, what happens when test issues are taken to court, special student populations, social promotion, and more. High Stakes will be of interest to anyone concerned about the long-term implications for individual students of picking up that Number 2 pencil: policymakers, education administrators, test designers, teachers, and parents.

Co-Teaching and Other Collaborative Practices in The EFL/ESL Classroom Andrea Honigsfeld 2012-05-01 Much has been written about the cognitive and academic language needs of those learning English as a new language (be it a second language in the United States or other English-speaking countries or as a foreign language in all other parts of the world). Many guidebooks and professional development materials have been produced on teacher collaboration and co-teaching for special education, inclusive classrooms. Similarly, much has been published about effective strategies teachers can use to offer more culturally and linguistically responsive instruction to their language learners. However, only a few resources are available to help general education teachers and ESL (English-as-a-second-language) specialists, or two English-as-a-foreign-language (EFL) teachers (such as native and nonnative English speaking) teachers to collaborate effectively. With this volume, our goal is to offer an accessible resource, long-awaited by educators whose individual instructional practice and/or institutional paradigm shifted to a more collaborative approach to language education. Through this collection of chapters, we closely examine ESL/EFL co-teaching and other collaborative practices by (a) exploring the rationale for teacher collaboration to support ESL/EFL instruction, (b) presenting current, classroom-based, practitioner-oriented research studies and documentary accounts related to co-teaching, co-planning, co-assessing, curriculum alignment, teacher professional development, and additional collaborative practices, and (c) offering authentic teacher reflections and recommendations on collaboration and co-teaching. These three major themes are woven together throughout the entire volume, designed as a reference to both novice and experienced teachers in their endeavors to provide effective integrated, collaborative instruction for EFL or ESL learners. We also intend to help preservice and inservice ESL/EFL teachers, teacher educators, professional developers, ESL/EFL program directors, and administrators to find answers to critical questions.

New York Regents Exam Adele Scheele 1997-12 Offers test-taking tips and strategies, including practice tests with answers and explanations

Dialects, Englishes, Creoles, and Education Shondel J. Nero 2012-11-12 This volume brings together a multiplicity of voices--both theoretical and practical--on the complex politics, challenges, and strategies of educating students--in North America and worldwide--who are speakers of diverse or nonstandard varieties of English, creoles, and hybrid varieties of English, such as African American Vernacular English, Caribbean Creole English, Tex Mex, West African Pidgin English, and Indian English, among others. The number of such students is increasing as a result of the spread of English, internal and global migration, and increased educational access. Dialects, Englishes, Creoles, and Education offers: *a sociohistorical perspective on language spread and variation; *analysis of related issues such as language attitudes, identities, and prescribed versus actual language use; and *practical suggestions for pedagogy. Pedagogical features: Key points at the beginning of each chapter help focus the reader and provide a framework for reading, writing, reflection, and discussion; chapter-end questions for discussion and reflective writing engage and challenge the ideas presented and encourage a range of approaches in dealing with language diversity. Collectively, the chapters in this volume invite educators, researchers, and students, across the fields of TESOL, applied linguistics, sociolinguistics, English, literacy, and language education, to begin to consider and adopt context-specific policies and practices that will improve the language development and academic performance of linguistically diverse students.

Deep Change Gerald Ponder 2005-11-01 This book presents cases of schools (Part One) and programs at the district level and beyond (Part Two) in which reform, while driven by high-stakes accountability, became larger and deeper through data-driven dialogue, culture change, organizational learning, and other elements of high performing cultures. Commentaries on cross-case patterns by Ann Lieberman and Michael Fullan and a chapter on "now what?" first steps provide implications for initiating deep change that results in improved student learning outcomes even in challenging activity settings.
