Building Better Essays Gina Hogan 2012-01-06 Teaching writing as part of a building activity provides students with an easy to remember image that helps them understand and apply good writing construction. This building process helps them see how each writing block sets the foundation for the next block; as a result, their confidence in writing skills grows. The first foundational block is writing correct sentences, the second, writing effective paragraphs, and finally writing effective essays. Just as actual foundations require raw materials, so does each writing building block require specific elements. For example, in grammar, to build a correct sentence, you need nouns, verbs, prepositions, conjunctions, and other grammatical elements. As the third book of the Building Better series, Building Better Essays builds on students' knowledge of effective paragraph construction, covered in Building Better Paragraphs, to get them to the next step of putting paragraphs together successfully for coherent essays. Many writing books present content in too complex a manner without enough opportunities for practice or present so many topics that simply overwhelm the student. The Building Better series evolved to be flexible enough that they can also be used as a quick reference guide by all college students or writing instructors. Any student who needs help writing concise and clear essays can benefit from the pedagogy of Building Better Essays. Instructors looking for a rich focus on essay construction, simple and brief explanations that are easy to remember, and variety of practice exercises will find it in Building Better Essays. The Awesome Writing Prompts Journal for Kids Kirsten du Toit 2020-05-16 Great writing prompt journal for kids between the 3rd and 5th grade. Perhaps you have a child who loves writing and wants to develop their skills. Or perhaps your child is a reluctant writer who needs to practice writing essays and stories to keep up with their peers. Whatever the case may be, you'll find this journal filled with writing prompts is perfect for improving children's imagination, creativity, reading skills, vocabulary and comprehension. The writing prompts in this book are ideal for children in the 2nd, 3rd, 4th and 5th grade, but older students will also enjoy the interesting topics and fun story-starters. This is an ideal book for parents looking for a way to extend their child at home. What's more, the finished journal makes a fantastic keep-sake. If you homeschool or tutor a child, this is a great way to get their creative juices flowing. Teachers will love this brilliant book of prompts with a topic for every occasion. You'll never run out of creative writing ideas and interesting story starters. This book is a great gift for aspiring writers. Here are a few examples of great prompts in the book: You blow out your birthday candles and make a wish. Immediately the wish comes true. What did you wish for? What happens? Your dad is a scientist. One of his top-secret projects is to bring the dinosaurs back to life. He's brought a baby dinosaur home from the lab. How do you look after it? What type of transportation will people have in the future? A strange little door appears in your bedroom. You can squeeze through the door if you try. What do you find on the other side? Writing prompts include interesting story starters, but also 'would you rather' questions (like would you rather be able to fly or be incredibly strong) and persuasive essay topics to improve debating skills.

From Struggling Students to Successful Writers in 7 Easy Steps Joanna Posey 2009-09-01 This Volume, is the first of 2 volumes that are being released together, but under separate covers. Volume 1, contains the instructional guide to teach special education students and English language learners to be successful writers, in 7 easy steps. In view of the increasing educational dropout rate of these special populations, this unique, simple program offers encouragement, hope, and success to students who are struggling in developing their writing skills. Not only is this program easy to learn and remember, but students are able to increase their writing skills in shorter periods of time. This Volume contains five, no-frills, bare-bones lesson plans along with teacher comments. It also includes reproducible Master Guide Sheets, and student Self-evaluation forms. The simplified color coding system is used as a consistent, predictable routine in each writing activity. This program, like no other, promotes student self-confidence and renewed interest in learning. The words, "I can't write" turn into "Yes, I can!" However, the best kept secret is that these 7 easy steps will help all students. Listen to what the kids are saying: "I had a lot of fun with Steps 1 to 7. They really helped me with my work," (comments from an 8th grade student). "The first thing I learned was Steps 1-7. I learned how to write better paragraphs," (comments from an 8th grade student). "I learned how to web my ideas using complete sentences," (comments from an 8th grade student). "I did really well on my writing assessment because I used the 7 steps," (comments from a 9th grade student) "I couldn't write a complete sentence. With these steps, I can write complete paragraphs and essays for Language Arts and Geography. I did well in my writing test, too," (comments from a 9th grade student). Listen to what teachers are saying: "I have been in meetings where parents have commented how effective her writing program has been with helping their kids. I've often heard parents express their gratitude for their child's success due to Ms. Posey's teaching," (comments from a junior high teacher). "After the 9th graders took the writing assessment, several of the students commented on how good they felt about their writing abilities that were a direct result of the efforts of Ms. Posey," (comments from a junior high teacher). "Her strategies and writing techniques resulted in 50% improvement, an impressive increase, in the scores of resource students for the 9th grade direct writing assessment. This is the highest achievement I've seen in my 30 years of teaching," (comments from a secondary special education teacher).

Learning Persuasive Writing and Argument Sally Jones 2018-05-13 Learning Persuasive Writing and Argument is an essential guide for all students wanting to develop their literacy skills and improve their grades in English assignments and examinations. Learning Persuasive Writing will enable the student to write convincingly in letters, leaflets, brochures and newspaper articles for example. The book also sets out how to write a well-balanced argument. It teaches the pupil how to structure their writing, putting forward a point of view, backing it up with convincing evidence, building up a relevant counter argument and knocking it down, as well as, putting forward their own comments and opinions. It focuses on discursive writing enabling the pupil to examine points for and against in a variety of subjects suitable for

older children and teenage readers, healthy eating, fashion, social issues and many more. It includes a lively collection of writings, poems and a play to inspire the pupil. These are designed as starting points, ideal for the pupil who finds it difficult to think up ideas for writing, challenging them to recreate their own persuasive pieces. In addition to this the book teaches organisational and literary devices in persuasive writing, including, figurative language, emotive words, repetition, connectives and use of good vocabulary. The student will learn how to consider writing for the appropriate audience, how to vary sentence types in order to make writing more interesting, and the importance of using good spelling, punctuation and grammar. They will learn vital essay writing skills that will assist their studies in other areas of the curriculum. Learning Persuasive Writing and Argument, includes an exciting range of model answers and sample texts written by children and provides practice questions to test them. Common errors made by students are highlighted and corrected. It is packed with vital hints and tips to enable the pupil to be successful and gain good grades. Learning Persuasive Writing and Argument is ideal for home study and will reinforce the work done in school. It is a companion to the other books in our series, Creative Writing and Information Writing. By working methodically through this book the student will grow in confidence. Learning Persuasive Writing and Argument has been written by an experienced teacher and tutor and written with the needs of children in mind. This book concentrates specifically and in depth on the art of persuasive writing and creating a good argument. These are key skills required by the National Curriculum up to GCSE level. It is specifically targeted at Key Stage 2 and 3 (ages 9-14 years) but will also be a valuable resource for those taking GCSE up to grades C and above. It contains material suitable for UK National Curriculum SATS, for those taking 11+ entrance examinations, for GCSE exams and for students learning English as a foreign language.

Getting to Excellent Judith A. Langer 2004 Getting to Excellent is for everyone, educators, parents, civic leaders, who want students to think sharply, like learning, and have the high literacy skills that will open the path to success in school, work, and life. Using data from her groundbreaking study of diverse middle and high schools, Judith Langer shows us what makes the difference between highly effective schools and typical, business-as-usual schools. This very accessible volume: Provides research-based guidance from schools in California, Florida, New York, and Texas, four states with diverse students and different testing demands. Features many examples of schools in action, identifying particular features that are present in effective schools but don't exist in others. Examines the extent to which teachers and administrators are affected by the larger environment, leading to professional growth or malaise. Includes models for providing rich and exciting learning environments that undergird success for all students. Includes self-inspection checklists to help administrators, teachers, and others place their own school, on the continuum from "typical" to "excellent," and identify areas that need improvement.

[The Mindful Writing Workshop: Teaching in the Age of Stress and Trauma](#) Richard Koch 2019-04-17 "Though life occurs in events, it must be written about in moments." Today's youth are growing up in an age of stress and trauma, and nowhere is that more apparent than in the classroom. Absenteeism, emotional distraction, passivity, and unresponsiveness are all signs of children in need. Thankfully, it

turns out that the workshop classroom, with limited but essential tuning, can be just the environment students in the grip of trauma need to become comfortable in themselves and break through into active learning. In *The Mindful Writing Workshop: Teaching in the Age of Stress and Trauma*, Professor Richard Koch offers clear, comprehensive, guided lessons that help teachers gain the insight necessary to adapt their instruction of writing to incorporate restorative and healing practices—practices that can improve the quality of learning and writing for all learners. Accessible, straightforward, and empowering, the approaches presented in *The Mindful Writing Workshop* will help previously indifferent or distracted students become engaged, increase their effort, deepen their resilience, and soon raise the quality of their writing, all while guiding teachers in creating a positive, collaborative, “doing” classroom.

The Well-Trained Mind: A Guide to Classical Education at Home (Fourth Edition) Susan Wise Bauer
2016-08-09 Is your child getting lost in the system, becoming bored, losing his or her natural eagerness to learn? If so, it may be time to take charge of your child’s education—by doing it yourself. *The Well-Trained Mind* will instruct you, step by step, on how to give your child an academically rigorous, comprehensive education from preschool through high school—one that will train him or her to read, to think, to understand, to be well-rounded and curious about learning. Veteran home educators Susan Wise Bauer and Jessie Wise outline the classical pattern of education called the trivium, which organizes learning around the maturing capacity of the child’s mind and comprises three stages: the elementary school “grammar stage,” when the building blocks of information are absorbed through memorization and rules; the middle school “logic stage,” in which the student begins to think more analytically; and the high-school “rhetoric stage,” where the student learns to write and speak with force and originality. Using this theory as your model, you’ll be able to instruct your child—whether full-time or as a supplement to classroom education—in all levels of reading, writing, history, geography, mathematics, science, foreign languages, rhetoric, logic, art, and music, regardless of your own aptitude in those subjects. Thousands of parents and teachers have already used the detailed book lists and methods described in *The Well-Trained Mind* to create a truly superior education for the children in their care. This extensively revised fourth edition contains completely updated curricula and book lists, links to an entirely new set of online resources, new material on teaching children with learning challenges, cutting-edge math and sciences recommendations, answers to common questions about home education, and advice on practical matters such as standardized testing, working with your local school board, designing a high-school program, preparing transcripts, and applying to colleges. You do have control over what and how your child learns. *The Well-Trained Mind* will give you the tools you’ll need to teach your child with confidence and success.
