Authority in Byzantine Provincial Society, 950-1100 Leonora Neville 2004-08-19 The imperial government over the central provinces of the Byzantine Empire was sovereign and, at the same time, apathetic, dealing effectively with a narrow set of objectives, chiefly collecting revenue and maintaining imperial

sovereignty. Outside of these spheres, action needed to be solicited from imperial officials, leaving vast opportunities for local people to act independently without legal stricture or fear of imperial involvement. In the absence of imperial intervention provincial households competed with each other for control over community decisions. The emperors exercised just enough strength at the right times to prevent the leaders of important households in the core provinces from becoming rulers themselves. Membership in a successful household, wealth, capacity for effective violence and access to the imperial court were key factors that allowed one to act with authority. This book examines in detail the mechanisms provincial households used to acquire and dispute authority. De lange weg naar de vrijheid Nelson Mandela 2017-10-21 De lange weg naar de vrijheid is de beroemde autobiografie van een van de grootste mannen van de twintigste eeuw. Nelson Mandela beschrijft de lange weg die hij heeft moeten afleggen van onwetende jongen tot charismatisch staatsman. Dit is het verhaal van misschien wel de wonderbaarlijkste omwenteling in de geschiedenis, verteld door de man die het allemaal heeft meegemaakt en in gang gezet. Het verhaal van Mandela, door Mandela.

Moments Sheryle Leekley 1982 Pulitzer Prize photographs from each year have been collected together into a single volume.

The Two Way Stretch Robert Maxwell 1996-04-11 Robert Maxwell presents his friendly polemic which reacts against the set positions over defined by style and ideology such as hi-tech, classical revival and attempts to justify a more flexible mediatorial position that would not simply be compromise. The discussion covers the alternative approaches of abstraction which brings a kind of personal freedom and representation which carries a social duty, and therefore deals with the potentially conflicting demands of personal expression and the contextual forces in the environment.

Over fotografie Susan Sontag 2019-10-01 'Nog altijd domineert Over fotografie het denken over fotografie. De schrijfstijl is vintage Sontag: trefzeker, stoer en stellig. Ze bracht de angsten en ambivalenties die veel mensen voelen tegenover moderne technologie in het algemeen, en fotografie in het bijzonder, messcherp onder woorden. Zelfs nu kun je amper een column, recensie of boek over fotografie lezen waarin Sontag niet wordt aangehaald – zeker wanneer het over foto's van oorlog, honger of geweld gaat.' – Lynn Berger in De Correspondent Over fotografie is een boeiend relaas over wat foto's eigenlijk zijn, over esthetische en morele problemen waarmee we door hun alomtegenwoordigheid in onze mediacultuur worden geconfronteerd en over de (on)bedoelde effecten van fotografie. Het is een klassiek geworden, baanbrekend onderzoek naar de rol en de betekenis van beelden. Sontag weet het moderne leven zo scherpzinnig te vangen dat kritische vragen niet uit kunnen blijven. 'Sontag heeft ons als geen ander geleerd na te denken over de rol en het effect van fotografie in onze tijd. Prachtige essays.' – Trouw 'Een mijlpaal in de reflectie over fotografie. De opstellen over camp en pornografie zijn virtuoos.' – De Tijd 'Over fotografie is het origineelste en meest verlichte boek over dit onderwerp.' – The New Yorker 'Elke pagina roept belangrijke en prikkelende vragen op, en bespreekt die vervolgens op de beste, briljante manier.' – The New York Times Book Review

Scanning Negatives and Slides Sascha Steinhoff 2007 Many photographers have either moved into digital photography exclusively or use both analog and digital media in their work.

Nikon D800 and D800E Jon Sparks 2012-09-15 The D800 is the biggest news to emerge from Nikon since 2008, when they introduced their last all-new full-frame DSLR, the D700. The D800 is not a replacement for the D700, but rather it is a new model in its own right –complementary or alternative to Nikon's own new professional camera, the D4, but at half the price. Author Jon Sparks gives an in-depth guide to using this impressive camera, with hints and tips on how to get the very best from its many functions. The D800 packs in more resolution than any other full-frame DSLR by a huge margin, with more than twice as many pixels as the D4. Built for today's multimedia photographer, the D800 has a powerful 36.3mp Fx-format CMOS sensor, full HD 1080p video at 30/25/24p with stereo sound, an ISO range of 100–6400, expandable to 25,600, 4fps burst rate and Advanced Scene Recognition System with 91,000-pixel RGB sensor. The camera's extremely high image quality comes from a body that weighs less than any other Nikon full-frame digital camera, making it ideal for landscape, commercial and studio photography, but with the flexibility to appeal to enthusiastic amateurs who can justify its price tag. The D800E is the same

basic camera, but with its anti-aliasing filter removed, so that it is able to offer a modest increase in overall resolution. To combat the increase in moiré effect that the removal of the AA filter can cause, a copy of NX2 is bundled with each camera. This will offer filters have been specifically designed to correct the problem. • A pull-out reference card gives quick access to the camera's functions.

De vlammenwerpers Rachel Kushner 2014-03-14 De jonge kunstenaar Reno komt in 1975 naar New York met de droom om uit haar fascinatie met snelheid en motoren kunst te maken. New York is in die jaren een opwindende stad, levend, vol, druk en gevaarlijk, waar de grenzen tussen performance en het echte leven vervagen. Door haar affaire met de kunstenaar Sandro Valera, telg uit een rijke Italiaanse familie die een motorenfabriek bezit, belandt Reno bij de kunstenaarselite van New York, en uiteindelijk in Italië, waar ze verwickeld raakt in de radicale politieke beweging die dat land teistert.

The Monastic Rule of Iosif Volotsky Saint Iosif (Volot's?ki?) 1983

Health and Wealth Robert J. Maxwell 1981 Australië, Canada, Frankrijk, Brd, Italië, Nederland, Zwitserland, Verenigd Koninkrijk, USA. Ghere has long been a need for a book which documents and analyses the health care expenditure. The study defines four faces of health care spending - sources of finance, control of health care delivery, manpower and supplies, and services provided. The numerous figures and tables will be of great value to statisticians, but many interesting facts emerge which make the book a great deal more than a statistical chronicle. For instance, the quality of health care in each country is analysed, proving that high expenditure does not in itself guarantee a totally adequate health level.

Diana & Nikon Janet Malcolm 1997 This expanded edition of Diana & Nikon, Janet Malcolm's first book, presents new essays that explore the last work of Diane Arbus, Sally Mann's family pictures, E.J. Bellocq's famous 1912 nudes, Andrew Bush's richly detailed interiors, and the relationship between painting and photography. The text of the original edition--long a much sought after rarity--is reprinted here in full, including essays on the works of the masters Stieglitz, Steichen, and Weston, as well as contemporaries such as Robert Frank, Irving Penn, and William Eggleston. Malcolm offers a view of photography that is as complicated and as controversial as the medium itself. Her writings on such topics as Richard Avedon's portraits, Garry Winogrand's street photographs, and Harry Callahan's color work exhibit the elegant prose style and incisive commentary for which she is renowned. Illustrated with 100 black-and-white photographs, this is a book to read and to ponder, a sensitive and generous appraisal of where photography stands in relation to all the arts, and to

its own past, by one of the leading writers of her generation. Algoritmes aan de macht Hannah Fry 2018-12-11 Stel, je staat terecht. Wie laat je liever beslissen over je lot: een foutevoelige want menselijke rechter of een algoritme zonder enige empathie? Stel, je koopt een zelfrijdende auto. Wil je dat die zo veel mogelijk levens redt bij een botsing, of dat hij de eigen inzittenden bevoordeelt? Stel, een nieuwe machine heeft je medische gegevens nodig om kankerpatiënten te redden. Geef je je privacy op voor het algemeen belang? Algoritmes spelen een steeds grotere rol in ons leven. Op wat voor manier precies? En is het wel verstandig om belangrijke beslissingen zo klakkeloos aan ze uit te besteden? Wiskundige Hannah Fry gidst ons langs de dilemma's van ons nieuwe, geautomatiseerde bestaan.

The Museum Project Atta Kim 2005 "Atta Kim: The Museum Project presents images that range from the shocking and iconoclastic to the sublime and transcendent. Curious and startling, Kim's work straddles the indeterminate ground between performance, photography, and an alternate form of anthropology."--Jacket.

Blue Pixel Guide to Travel Photography David Schloss 2005-11-07 When it comes to learning how to take great travel photographs, who better to learn from than the pros whose work graces the pages of all those travel magazines and brochures you've examined longingly? These are exactly who you get as instructors when you purchase this book--the world-famous photojournalists, commercial and fine-art photographers, and trainers who make up the Blue Pixel team (which instructs thousands of students annually through the highly respected Nikon School of Photography). Drawing on years of in-the-trenches experience, the Blue Pixel authors outline everything you need to know to take great travel shots using the digital tools available today. Offering clear, concise instruction plus practical advice, real-world examples and anecdotes, and loads of beautiful photos, this beautiful full-color guide offers everything you need to get the right shot every time. From what equipment to buy to how to set up the perfect shot (plus more advanced topics like lighting and composition), you'll learn how to capture the magic of locales both local and exotic.

Tony Northrup's Photography Buying Guide Tony Northrup 2014-11-26 If you're a beginner photographer, this book can save you hundreds of dollars. If you're a seasoned pro, it can save you thousands. With access to over 16 HOURS of online video, this book helps you choose the best equipment for your budget and style of photography. In this book, award-winning author and photographer Tony Northrup explains explains what all your camera, flash, lens, and tripod features do, as well as which are worth paying for and which you can simply skip. Tony provides information specific to your style of photography, whether you're a casual photographer or you're serious about portraits, landscapes, sports, wildlife, weddings, or even macro. For the casual reader, Tony provides

quick recommendations to allow you to get the best gear for your budget, without spending days researching. If you love camera gear, you'll be able to dive into 200 pages of detailed information covering Nikon, Canon, Sony, Micro Four-Thirds, Olympus, Samsung, Leica, Mamiya, Hasselblad, Fuji, Pentax, Tamron, Sigma, Yongnuo, PocketWizard, Phottix, Pixel King, and many other manufacturers. Camera technology changes fast, and this book keeps up. Tony updates this book several times per year, and buying the book gives you a lifetime subscription to the updated content. You'll always have an up-to-date reference on camera gear right at your fingertips. Here are just some of the topics covered in the book: What should my first camera be? Which lens should I buy? Should I buy Canon, Nikon, or Sony? Is a mirrorless camera or a DSLR better for me? Do I need a full frame camera? Is it safe to buy generic lenses and flashes? What's the best landscape photography gear? Which portrait lens and flash should I buy? What gear do I need to photograph a wedding? How can I get great wildlife shots on a budget? Which sports photography equipment should I purchase? Should I buy zooms or primes? Is image stabilization worth the extra cost? Which type of tripod should I buy? Which wireless flash system is the best for my budget? How can I save money by buying used? What kind of computer should I get for photo editing? What studio lighting equipment should I buy? When you buy this book, you'll be able to immediately read the book online. You'll also be able to download it in PDF, .mobi, and .epub formats--every popular format for your computer, tablet, smartphone, or eReader!

Alexis, Tsar of All the Russias Philip Longworth 1984 Biografie over de Russische tsaar (1629-1676)

Speedlights & Speedlites Lou Jones 2017-07-11 Canon Speedlites and Nikon Speedlights are small, off-camera flashguns that can provide big results - if you know how to use them properly. Acclaimed Boston photographers Lou Jones, Bob Keenan and Steve Ostrowski guide you through the technical and creative aspects of how to get the most out of these powerful tools in this indispensable guide, packed full of inspirational images and comprehensive diagrams of the lighting set ups used to capture them. They are significantly more advanced, lighter and considerably cheaper than a standard flashgun, and have many advantages. They are small (and cheap) enough that a number can be carried in your kit, and they can be used in combination, triggered wirelessly. They use through-the-lens (TTL) metering, which allows you to use the in-camera LCD and histograms to calculate the required power/direction, rather than having to use a light meter or trial and error. They use proprietary, dedicated technology (from Canon and Nikon) that means there are no compatibility issues. Getting the most out of them, however, remains a mystery - most photographers still just use their speedlights in the same way as a standard flash gun. This is where this book comes in.

New Mexico Magazine 1974

High Resolution Astrophotography Jean Dragesco 1995-07-20 Many astronomers are unaware of how to obtain the best results from their telescopes. For those interested in photographing the Sun, Moon and planets, this volume provides the complete reference. This guide is packed with practical tips on how to obtain the highest resolution and provides a wealth of stunning images by the world's best amateurs, showing just what can be achieved. Individual chapters describe the various types of telescopes, the most suitable equipment to photograph a given subject, and recommend films and techniques in developing and printing. Also given are short biographies of key high resolution astrophotographers, both past and present, and an extensive bibliography of further reading. This guide provides both a wealth of sound, practical techniques and a unique portfolio of Solar System images--an inspiring handbook for any amateur astronomer.

From Peasant to Patriarch Ioann Shusherin 2007 Nikon (1605-1681), patriarch of Moscow and all Russia, is best known for imposing the religious reforms that ultimately led to the schism of the Russian Orthodox Church. Yet only the Account of Birth, Life, and Upbringing of His Holiness Nikon, Patriarch of Moscow and All Russia (1680s), comes close to immortalizing the vicissitudes of Nikon's entire life. Written by Ioann Shusherin's (d. 1693), the patriarch's protégé and confidant, the Account presents Nikon as he appeared to his contemporary supporters. The biography chronicles Nikon's steady rise through the ecclesiastical ranks, dramatic downfall, and extraordinary rehabilitation. While discussing Nikonian religious reforms, the Account focuses on Nikon's relationship with the Romanov royal family and his monastery building program, especially the early history of the New Jerusalem Monastery and its main sanctuary, the Church of the Resurrection. This unique narrative features rare eyewitness accounts of momentous and daily life during a period of unprecedented political, religious,

and social change in Russia. From Peasant to Patriarch is the first English language translation of the Account. Dr. Kevin Kain and Dr. Katia Levintova offer extensive commentary, parallel texts, and a glossary of Russian terms that contribute to the depth of this text. From Peasant to Patriarch opens new doors to the study of Russian history, religion, and culture.
