Owning Up Curriculum Rosalind Wiseman 2009 "Separate sessions for girls and for boys combine group discussions, games, role-playing, and other activities to engage students in understanding the complexities of adolescent social culture. Students learn to recognize that they have a responsibility to treat themselves and others with dignity and to speak out against social cruelty and injustice. A CD of reproducible program forms and student handouts is included with the curriculum."--From publisher description.

The Wild Woman's Way Michaela Boehm 2021-11-09 "As pragmatic as it is compassionate, this intimate, humorous, and ultimately relaxing invitation to re-wild yourself, stripping away all that is not your true nature, will leave you inspired and curious to discover the wild woman within" (Lissa Rankin, MD, New York Times bestselling author of Mind Over Medicine). For the high-achieving modern woman today, having a successful career, a fulfilling romantic relationship, and a satisfying personal life can feel like opposing goals. It has even become difficult to take the time to enjoy the simple pleasures in lives. We are stuck in "go-mode," damaging our romantic relationships, pleasure, and creativity. But what if there were a way to experience the simplest pleasures of our lives on a deeper level, freeing the body and psyche from these destructive patterns? Beyond our current stereotypes about femininity lies the ancient wisdom of the Wild Woman archetype, a model of building a feminine "body intelligence." By embodying this archetype and using tantra--not just in the bedroom, but also to build intimate connections to our senses and physical movements--we can break harmful psychological patterns. In The Wild Woman's Way, Michaela Boehm shares practical rituals and exercises drawn from years of experience as a celebrity relationship and life counselor and an expert in tantric yoga. She reveals the power of different types of touch, while also training you in forms of meditation and stretching that increase activity and sensual pleasure.

The Nine Phases of Marriage Susan Shapiro Barash 2012-09-18 From the author of Toxic Friends--a groundbreaking look at how to understand your marriage and create a more satisfying relationship Every marriage goes through nine phases. It is only by understanding the course our marriages run that we can truly begin to craft the perfect relationship. In The Nine Phases of Marriage, Susan Shapiro Barash breaks down and analyzes these phases, which are: - Phase One: Passion and Longing - Phase Two: Conforming: The Perfect Wife - Phase Three: Real Life: Child Centricity - Phase Four: Tension: One Bed: Two Dreams - Phase Five: Distance: Two Beds: Two Rooms - Phase Six: Fracturing: Midlife Divorce - Phase Seven: Second Chances: Remarriage and Renegotiating - Phase Eight: Balance: Concessions - Phase Nine: Successful Coupling With this essential knowledge, spouses can successfully navigate the natural pitfalls and perils of their marriages and embark on a true partnership.

You're Grounded Forever...But First, Let's Go Shopping Susan Shapiro Barash 2010-09-28 Susan Shapiro Barash's provocative new book examines the most difficult challenges any woman faces when raising daughters. Sample chapters include: • What color would you like that Prada bag in? (material

indulgence) • Do you need to be eating that? (fixations on food and weight) • Of course you can drink when you're home with me (loose boundaries and rules) • I know she's your friend but... (underestimating female friendships) • I'll just say you aren't feeling well (making excuses) • And much more.

Queen Bees and Wannabes Rosalind Wiseman 2009-10-13 "My daughter used to be so wonderful. Now I can barely stand her and she won't tell me anything. How can I find out what's going on?" "There's a clique in my daughter's grade that's making her life miserable. She doesn't want to go to school anymore. Her own supposed friends are turning on her, and she's too afraid to do anything. What can I do?"

Welcome to the wonderful world of your daughter's adolescence. A world in which she comes to school one day to find that her friends have suddenly decided that she no longer belongs. Or she's teased mercilessly for wearing the wrong outfit or having the wrong friend. Or branded with a reputation she can't shake. Or pressured into conforming so she won't be kicked out of the group. For better or worse, your daughter's friendships are the key to enduring adolescence—as well as the biggest threat to her well-being. In her groundbreaking book, *Queen Bees and Wannabes*, Empower cofounder Rosalind Wiseman takes you inside the secret world of girls' friendships. Wiseman has spent more than a decade listening to thousands of girls talk about the powerful role cliques play in shaping what they wear and say, how they respond to boys, and how they feel about themselves. In this candid, insightful book, she dissects each role in the clique: Queen Bees, Wannabes, Messengers, Bankers, Targets, Torn Bystanders, and more. She discusses girls' power plays, from birthday invitations to cafeteria seating arrangements and illicit parties. She takes readers into "Girl World" to analyze teasing, gossip, and reputations; beauty and fashion; alcohol and drugs; boys and sex; and more, and how cliques play a role in every situation. Each chapter includes "Check Your Baggage" sections to help you identify how your own background and biases affect how you see your daughter. "What You Can Do to Help" sections offer extensive sample scripts, bulleted lists, and other easy-to-use advice to get you inside your daughter's world and help you help her. It's not just about helping your daughter make it alive out of junior high. This book will help you understand how your daughter's relationship with friends and cliques sets the stage for other intimate relationships as she grows and guides her when she has tougher choices to make about intimacy, drinking and drugs, and other hazards. With its revealing look into the secret world of teenage girls and cliques, enlivened with the voices of dozens of girls and a much-needed sense of humor, *Queen Bees and Wannabes* will equip you with all the tools you need to build the right foundation to help your daughter make smarter choices and empower her during this baffling, tumultuous time of life.

Powering Up Anne Doyle 2011-01-26

Leading Women Who Wound Sue Edwards 2009-02-01 As more churches add women's ministry programs, there is a growing need to address the issues that naturally arise as women minister alongside one another and to one another. Given the fallen nature of the human heart as well as the complexities of personalities, conflict is an inevitable aspect of ministry. How do women deal with emotions when other women are insensitive, manipulative, or just plain mean? What does the Bible tell us? To be equipped for conflict, women must understand and master strategies specifically related to conflict with other women. *Leading Women Who Wound* shows women how to effectively deal with conflict within their ministries. Seasoned women's ministry leaders themselves, Sue Edwards and Kelley Mathews walk through several different aspects of conflict resolution including self examination, identification of potential sources of conflict, tools for conflict resolution, and insight on how to prevent and move beyond conflict to minister to those who have been sources of contention. Recognizing that not all conflict results in a happy ending, *Leading Women Who Wound* gives the tools necessary to minister effectively and move forward with integrity.

Behind Frenemy Lines Amber Tichenor 2021-11-30 Females are the recipients of rivalrous behaviors from other women, consistently. It's what people frequently call a "cat-fight," or "women being dramatic" it isn't pretty. It can be raw, ugly, confusing, and very painful. Female rivalry is boundless. As a result, there is a hunger for this topic, to better understand it, to curb the behavior, to dive into the misconceptions and reality that it's not just a cat-fight. It's much more than that. It's a silent epidemic. Women who are recipients of this type of behavior often don't speak about their experience until it is behind them, or near to being over. Silent in the fact that there is often awareness by others about the behavior, but traditionally it's not dealt with until after the fact, if ever. *Behind Frenemy Lines* is a practical guide to help women find their peace, explore how they trust, establish true connections and know they are not alone when they are experiencing these types of behaviors. By sharing personal and relatable stories, *Behind Frenemy Lines* addresses the raw ugliness of female rivalry head on. It offers tips with structure to

educate and help women connect with one another about the seriousness of the phenomenon so that they can forge relationships that help them be unstoppable, together.

Why Smart Men Marry Smart Women Christine B. Whelan 2006-10-17 For years, it's been "common knowledge" that once a woman hits thirty, her chances of finding a husband diminish to the point of despair. That men are intimidated by a woman's career success, preferring docile helpmates to ambitious achievers. That women are biologically driven to seek a strong provider. That the higher a woman's IQ, the less likely she is to marry, let alone have babies...leaving single, successful women to ask themselves: Are men intimidated by smart women? In *Why Smart Men Marry Smart Women*, Christine B. Whelan shatters the myth that high-achieving women are at a disadvantage in the marriage market. There's good news for the millions of American SWANS (Strong Women Achievers, No Spouse): that today's smart, successful women marry at the same rates as all other women -- and that more income and education may in fact increase a woman's chances of marriage. What's more, as Dr. Whelan shows through newly released U.S. Census data, a large-scale Harris Interactive survey commissioned especially for this book, plus extended interviews conducted in cities nationwide, this profound demographic shift shows every sign of progressing. That means that the "success penalty" that has endured for generations is, as soon as 2010, destined for the history books. Accomplished daughters, sisters, and friends (not to mention their mothers) can finally stop worrying that the twin pinnacles of personal and professional happiness are inherently unattainable. In fact, smart men do marry SWANS. Ninety percent of high-achieving men surveyed want a woman who is as intelligent or more intelligent than they are. And two-thirds of men said they believed smart women make better mothers. Pairing cutting-edge research with sound advice, Dr. Whelan brings to mind what smart women everywhere have long known in their hearts: that the goal is not just to get married, but to have a good marriage, and to lead a fulfilled life.

Women's Health 2006-06 *Womens Health* magazine speaks to every aspect of a woman's life including health, fitness, nutrition, emotional well-being, sex and relationships, beauty and style.

The Oxford Handbook of Gossip and Reputation Francesca Giardini 2019-05-22 Gossip and reputation are core processes in societies and have substantial consequences for individuals, groups, communities, organizations, and markets.. Academic studies have found that gossip and reputation have the power to enforce social norms, facilitate cooperation, and act as a means of social control. The key mechanism for the creation, maintenance, and destruction of reputations in everyday life is gossip - evaluative talk about absent third parties. Reputation and gossip are inseparably intertwined, but up until now have been mostly studied in isolation. *The Oxford Handbook of Gossip and Reputation* fills this intellectual gap, providing an integrated understanding of the foundations of gossip and reputation, as well as outlining a potential framework for future research. Volume editors Francesca Giardini and Rafael Wittek bring together a diverse group of researchers to analyze gossip and reputation from different disciplines, social domains, and levels of analysis. Being the first integrated and comprehensive collection of studies on both phenomena, each of the 25 chapters explores the current research on the antecedents, processes, and outcomes of the gossip-reputation link in contexts as diverse as online markets, non-industrial societies, organizations, social networks, or schools. International in scope, the volume is organized into seven sections devoted to the exploration of a different facet of gossip and reputation. Contributions from eminent experts on gossip and reputation not only help us better understand the complex interplay between two delicate social mechanisms, but also sketch the contours of a long term research agenda by pointing to new problems and newly emerging cross-disciplinary solutions.

The Sexual Paradox Susan Pinker 2010-01-11 After four decades of eradicating gender barriers at work and in public life, why do men still dominate business, politics and the most highly paid jobs? Why do high-achieving women opt out of successful careers? Psychologist Susan Pinker explores the illuminating answers to these questions in her groundbreaking first book. In *The Sexual Paradox*, Susan Pinker takes a hard look at how fundamental sex differences continue to play out in the workplace. By comparing the lives of fragile boys and promising girls, Pinker turns several assumptions upside down: that the sexes are biologically equivalent; that smarts are all it takes to succeed; that men and women have identical goals. If most children with problems are boys, then why do many of them as adults overcome early obstacles while rafts of competent, even gifted women choose jobs that pay less or decide to opt out at pivotal moments in their careers? Weaving interviews with men and women into the most recent discoveries in psychology, neuroscience and economics, Pinker walks the reader through these minefields: Are men the more fragile sex? Which sex is the happiest at work? What does

neuroscience tell us about ambition? Why do some male school drop-outs earn more than the bright, motivated girls who sat beside them in third grade? Pinker argues that men and women are not clones, and that gender discrimination is just one part of the persistent gender gap. A work world that is satisfying to us all will recognize sex differences, not ignore them or insist that we all be the same.

Perspectives on Gender and Work Eden B. King 2020-09-01 Few time periods in the past five decades match the intensity of intergroup conflict that people around the world are currently experiencing.

Polarized attitudes around various sociopolitical issues, such as gender equality and immigration, have dominated the media and our lives. Furthermore, these powerful social dynamics have also impacted the places where we work and intensified existing strains on workers and workplaces. To address these issues and improve organizational climates, more theories, research and collaborations to understand these phenomena are needed. The volumes in this series will describe and instigate scholarship that advances our understanding of diversity in organizations. In recognition of the centennial anniversary of the ratification of the 19th Amendment to the U.S. Constitution, which granted American women the right to vote and the subsequent struggle for women of color to exercise it, this volume features the personal narratives of recognized scholars in the field who have advanced understanding of gender at work. In this way, we appreciate, and gain perspective on, the rewards and challenges of this essential scholarship and the lives of those who engage in it. The combination of these narratives is an exciting and meaningful exploration of the study of gender and its intersection with other marginalized social identities at work that authentically captures the experiences of scholars in the field and inventively pushes our understanding of diversity in organizations.

Queen Bees and Wannabes, 3rd Edition Rosalind Wiseman 2016-07-26 “My daughter used to be so wonderful. Now I can barely stand her and she won’t tell me anything. How can I find out what’s going on?” “There’s a clique in my daughter’s grade that’s making her life miserable. She doesn’t want to go to school anymore. Her own supposed friends are turning on her, and she’s too afraid to do anything. What can I do?” Welcome to the wonderful world of your daughter’s adolescence. A world in which she comes to school one day to find that her friends have suddenly decided that she no longer belongs. Or she’s teased mercilessly for wearing the wrong outfit or having the wrong friend. Or branded with a reputation she can’t shake. Or pressured into conforming so she won’t be kicked out of the group. For better or worse, your daughter’s friendships are the key to enduring adolescence—as well as the biggest threat to her well-being. In her groundbreaking book, *Queen Bees and Wannabes*, Empower cofounder Rosalind Wiseman takes you inside the secret world of girls’ friendships. Wiseman has spent more than a decade listening to thousands of girls talk about the powerful role cliques play in shaping what they wear and say, how they respond to boys, and how they feel about themselves. In this candid, insightful book, she dissects each role in the clique: Queen Bees, Wannabes, Messengers, Bankers, Targets, Torn Bystanders, and more. She discusses girls’ power plays, from birthday invitations to cafeteria seating arrangements and illicit parties. She takes readers into “Girl World” to analyze teasing, gossip, and reputations; beauty and fashion; alcohol and drugs; boys and sex; and more, and how cliques play a role in every situation. The Passionate Prince David Balsley 2015-04-30 *The Passionate Prince* is a verse-by-verse commentary on the Song of Solomon from a pastor’s perspective. It explains the Song as a description of the developing relationship between King Solomon and the Shulammitte, a young Jewish maiden from the northern part of Israel. It tells of their pre-marriage romance, of their marriage, and of some of the challenges of their relationship following their wedding. It treats the book, in a literal way, as a continuous account of the relationship between Solomon and the Shulammitte from pre-marriage days to post-marriage days. It assumes, by virtue of the Biblical title of the book (“The song of songs which is Solomon’s”) that Solomon’s relationship with the Shulammitte was probably the most satisfying marriage

which Solomon experienced among the many marriages which were a part of his life as the most wealthy of all of the kings of Israel.

Toxic Friends Susan Shapiro Barash 2009-10-13 A woman can always count on are her friends—right? But what if those friendships are hurtful, harmful, even toxic? Susan Shapiro Barash explores the ten types of female friends and shows you why and how women get stuck with the worst kinds, the ways to get "unstuck, and how to recognize a true friend." For example: • The Leader of the Pack—it's all on her terms • The Doormat—and why you're the one paying the price • The Misery Lover—she wants to feel your pain. Really. • The User—and why you seldom see her coming • The Trophy Friend—and what you gain from each other Provocative and fascinating, Susan Shapiro Barash looks at the bonds (and bondage) of female friendships in a new light.

What a Girl Wants? Diane Negra 2009-06-02 From domestic goddess to desperate housewife, What a Girl Wants? explores the importance and centrality of postfeminism in contemporary popular culture. Focusing on a diverse range of media forms, including film, TV, advertising and journalism, Diane Negra holds up a mirror to the contemporary female subject who finds herself centralized in commodity culture to a largely unprecedented degree at a time when Hollywood romantic comedies, chick-lit, and female-centred primetime TV dramas all compete for her attention and spending power. The models and anti-role models analyzed in the book include the chick flick heroines of princess films, makeover movies and time travel dramas, celebrity brides and bravura mothers, 'Runaway Bride' sensation Jennifer Wilbanks, the sex workers, flight attendants and nannies who maintain such a high profile in postfeminist popular culture, the authors of postfeminist panic literature on dating, marriage and motherhood and the domestic gurus who propound luxury lifestyling as a showcase for the 'achieved' female self.

The Philosophy of Envy Sara Protasi 2021-07-15 Envy is almost universally condemned. But is its reputation warranted? Sara Protasi argues envy is multifaceted and sometimes even virtuous.

Little White Lies, Deep Dark Secrets Susan Shapiro Barash 2009-01-06 From the bestselling author of Tripping the Prom Queen comes a fascinating and provocative look at the reasons behind female deception. Little White Lies, Deep Dark Secrets reveals how society doles out mixed messages to women, fostering the lies they tell. Among the liars are: •A woman who shoplifts, and has it "down to a science" •A woman who tells her husband she is working late in order to be with her lover •A woman who lies about her children's achievements to her friends •A woman who pretends her husband is doing well when they are going broke •A woman who has covered up her husband's emotional abuse for years •A woman whose secret is her misery in being a stay-at-home mom in suburbia •A woman who lies about loving her partner, deciding it's better to stay than be alone •And many other secrets and deceptions Honest and even outrageous, Susan Shapiro Barash is fast becoming the author who explores issues that are important to women—issues that they are loath to talk about . . . until now.

Indirect and Direct Aggression Karin Osterman 2010 Indirect and Direct Aggression consists of 24 chapters written by distinguished scholars within the field of aggression research, covering indirect aggression, bullying in schools, adult bullying, and societal and biological aspects of aggression. Indirect aggression is the most typical form of aggression used by women in most cultures. It is an aggressive strategy that is carried out by means of social manipulation that enables the perpetrator to go unnoticed and thereby escape retaliation. Knowledge about indirect aggression and its mechanisms is crucial for all anti-bullying efforts, among children and adults alike. Although briefly covered in early research on human aggression, the study of indirect aggression originates, beginning from the mid-1980s, from a research group in Finland, lead by Professor Kaj Björkqvist of Åbo Akademi University. The book can be used as a textbook at university level.

Women Who Lead Janel Keating 2022-05-24 Get motivated by this collection of voices from women in leadership and their allies. Janel Keating and Jasmine K. Kullar gather a wide variety of educational leaders to focus on effective leadership practices as they relate to women, the roadblocks and complications women face in professional advancement, and strategies for lifting off the sticky floor and breaking the glass ceiling. Men aren't just interested in outward appearance.

Best Friends at the Bar Susan Smith Blakely 2009-11-17 Best Friends at the Bar: What Women Need to Know about a Career in the Law addresses the realities of law firm practice, especially in large firms, and gives pre-law students, law students, and new attorneys a realistic view of the opportunities and challenges most often encountered by women lawyers. Drawing on her many years of practicing law and mentoring young lawyers and with the help of other women in all areas of the legal profession, her "best friends at the bar", Susan Smith Blakely strives to help young women entering the legal profession begin their careers with open eyes and a more level playing field than women lawyers of past generations. This concise paperback, which is written in a direct, personal tone that instantly engages the reader Explores the experiences of the author and more than 60 private and public sector attorneys, judges, law school career counselors, and law firm managing partners who address a wide variety of issues as trustworthy mentors Candidly speaks to the issues women face in law firm practice and provides invaluable advice for planning enduring and satisfying careers in the law Critically addresses business, cultural, and personal conditions and offers strategies for dealing with them, including how to manage expectations in the context of actual job conditions and the dynamics of personal/professional life struggles Full of helpful advice from attorneys, judges, law school career counselors, and law firm managing partners with wide and varied experiences, this book will be an invaluable resource to any woman planning a career in the law.

Tripping the Prom Queen Susan Shapiro Barash 2007-04-01 Tripping the Prom Queen is a groundbreaking investigation into the dark secret of female friendship: rivalry. Susan Shapiro Barash has exploded the myth that women help one another, are supportive of one another, and want each other to succeed. Based on interviews with women across a broad social spectrum, she has discovered that the competition between women is more vicious precisely because it is covert. She tells us: * Why women can't and won't admit to rivalry. * How women are trained from an early age to compete with one another. * In which areas women most heatedly compete. * How rivalry is different among women than among men. * The differences between competition, envy, and jealousy. * When competition is healthy and when it isn't. * Why women find it irresistible to "trip the prom queen." * Useful strategies to stop the competition and forge a new kind of relationship with other women. Whether you've tripped the prom queen or been tripped yourself, you will discover an engrossing exploration of this female phenomenon, as well as a beacon of hope for better, more fulfilling relationships.

The Joy of Living J. Dwight Pentecost 1996-06-01 Pentecost creates a devotional study of Philippians that contains helpful study and review questions for personal Bible study or sermon preparation.

Transforming Your STEM Career Through Leadership and Innovation Pamela McCauley Bush 2013 Transforming your STEM Career through Leadership and Innovation offers valuable information on what it means to be a leader and innovator and encourages you to discover and develop these skills for yourself. This book integrates leadership and innovation principles with personal examples and profiles of inspirational women. It is accompanied by a website that features women's leadership success stories, as well as innovation resources and best practices. This book is relevant for women in all stages of their careers and explains the critical need for leadership and innovation right now. By providing a clear process on how to build upon your personal strengths to realize leadership and innovation goals, this book will inspire you to pick up the mantle and meet the critical need for leadership and innovation in the STEM fields Examines research-based leadership and innovation principles to make these critically important characteristics both real and attainable Empowers you to build upon your own strengths and successes to discover and develop leadership and innovation skills Features a companion website that highlights women's leadership success stories, innovation resources and best practices Provides a practical guide that educates, encourages and equips you to pursue leadership and innovation opportunities Includes a companion website that highlights women's leadership success stories, innovation resources and best practices

The Cambridge Handbook of the International Psychology of Women Fanny M. Cheung 2020-06-30 There is a growing knowledge base in understanding the differences and similarities between women and men, as well as the diversities among women and sexualities. Although genetic and biological

characteristics define human beings conventionally as women and men, their experiences are contextualized in multiple dimensions in terms of gender, sexuality, class, age, ethnicity, and other social dimensions. Beyond the biological and genetic basis of gender differences, gender intersects with culture and other social locations which affect the socialization and development of women across their life span. This handbook provides a comprehensive and up-to-date resource to understand the intersectionality of gender differences, to dispel myths, and to examine gender-relevant as well as culturally relevant implications and appropriate interventions. Featuring a truly international mix of contributors, and incorporating cross-cultural research and comparative perspectives, this handbook will inform mainstream psychology of the international literature on the psychology of women and gender.

It's Not You, It's the Workplace Alton B. Harris 2019-09-05 Why is it that many women believe that working with other women is harder than working with men? A clue: it's not because women actually are harder to work with. After decades of working to help women to succeed at work, Andie Kramer and Al Harris noticed the same thing over and over again: Women's relationships with other women are causing conflict in the workplace and this is hindering careers across the board. Their research demonstrates that at the root of these clashes lie stereotypes, toxic assumptions and societal expectations about how women should behave. Through extensive research and hundreds of interviews, Andie and Al have identified the most fraught scenarios of women working for, working with, supervising, and collaborating with other women. It's Not You, It's the Workplace provides practical, immediately usable techniques that will allow women to develop strong networks that will foster their career success and organizations to structure their policies and practices - unlocking the potential of women in team situations. The companies that succeed in the future will be those where bias no longer blocks women's career satisfaction or advancement to leadership.

Evolution's Empress Maryanne L. Fisher 2013-01-30 Over the last decade, there has been increasing debate as to whether feminism and evolutionary psychology can co-exist. Such debates often conclude with a resounding "no," often on the grounds that the former is a political movement while the latter is a field of scientific inquiry. In the midst of these debates, there has been growing dissatisfaction within the field of evolutionary psychology about the way the discipline (and others) have repeatedly shown women to be in passive roles when it comes to survival and reproduction. Evolutionary behavioral research has made significant strides in the past few decades, but continues to take for granted many theoretical assumptions that are perhaps, in light of the most recent evidence, misguided. As a result, the research community has missed important areas of research, and in some cases, will likely come to inaccurate conclusions based on existing dogma, rather than rigorous, theoretically driven research. Bias in the field of evolutionary psychology echoes the complaints against the political movement attached to academic feminisms. This is an intellectual squabble where much is at stake, including a fundamental understanding of the evolutionary significance of women's roles in culture, mothering, reproductive health and physiology, mating, female alliances, female aggression, and female intrasexual competition. Evolution's Empress identifies women as active agents within the evolutionary process. The chapters in this volume focus on topics as diverse as female social interactions, mate competition and mating strategies, motherhood, women's health, sex differences in communication and motivation, sex discrimination, and women in literature. The volume editors bring together a diverse range of perspectives to demonstrate ways in which evolutionary approaches to human behavior have thus far been too limited. By reconsidering the role of women in evolution, this volume furthers the goal of generating dialogue between the realms of women's studies and evolutionary psychology.

Influence Starts with "I" Jeanne Porter King 2019-03-05 Influence is power. What does a woman need to lead well in today's competitive work environment? If you think it's a coercive, "power over" style of leadership, think again. Influence Starts with "I": A Woman's Guide for Unleashing the Power of Leading from Within and Effecting Change Around You outlines how to be a more effective leader by tapping into the authentic "I" within you to cultivate "power with" others and effect change around you. Influence skills are important ingredients to effective leadership in today's complex organizations and institutions. In her latest title, author and leadership coach Jeanne Porter King provides a guide for developing the personal side of leadership. This guide helps you to -Identify your leadership purpose -Develop an influence mindset -Use your power strategically -Negotiate gender barriers -Build your support system, and more Reflective exercises and questions allow you to readily apply what you've learned and build your plan for growth. Every existing and emerging woman leader needs to carve out the space and time to do the inner work on their leadership. Whether you work in a corporate setting or a nonprofit organization, you

have what it takes to lead from within and influence positive change around you.

On The Shoulders of Mighty Women Lesley Michaels 2022-07-26 Author Lesley Michaels takes you on an exploration of life, womanhood, feminism, and the often-disorienting effects of the three colliding as women struggle to hold up more than just their half of the sky. Women represent all races, cultures, religious affiliations, and sexual orientations. As they establish a new ethos of equality and equity among themselves, each one in every community - from elders to our current generation of children and those still to come - will be positively impacted. It is our time to rise and be loud, be bold, to be unapologetic in our demand for benevolent equality and equity in the lives of each person. It is our time to reach back and lift one with us as we rise.w

Success Strategies From Women in STEM Peggy A. Pritchard 2015-06-11 **Success Strategies from Women in Stem: A Portable Mentor, Second Edition**, is a comprehensive and accessible manual containing career advice, mentoring support, and professional development strategies for female scientists in the STEM fields. This updated text contains new and essential chapters on leadership and negotiation, important coverage of career management, networking, social media, communication skills, and more. The work is accompanied by a companion website that contains annotated links, a list of print and electronic resources, self-directed learning objects, frequently asked questions, and more. With an increased focus on international relevance, this comprehensive text contains shared stories and vignettes that will help women pursuing or involved in STEM careers develop the necessary professional and personal skills to overcome obstacles to advancement. Preserves the style and tone of the first edition by bringing together mentors, trainees and early-career professionals in a series of conversations about important topics related to careers in STEM fields, such as leadership, time stress, negotiation, networking, social media and more Identifies strategies that can improve career success along with stories that elucidate, engage, and inspire Companion website provides authoritative information from successful women engaged in STEM careers, including annotated links to key organizations, associations, granting agencies, teaching support materials, and more

Unseduced and Unshaken Rosalie De Rosset 2012-08-01 You can't afford to live casually, haphazardly. No matter your age, you were born into a plethora of expectations of what it means to be a woman. How easily we assume impoverished views of womanhood as we hoist beauty and desirability above the more enduring traits of self-possession and dignity. We tend to live as divided and distracted selves, allowing our bodies and minds to drift to opposite poles while swapping our pursuit of God for tamer, lesser loves. This collection of essays is more than a call to modesty or chastity. It is a thoughtful provocation to speak well, read often, make choices that reflect the character of God, and even to establish a theology of play or leisure. Being intentional with your choices, cultivating your intellect, and taking seriously your voice determines not only what kind of person you are, but also what kind of woman you will be. "[Unseduced and Unshaken] raises the bar for young Christian women...It's a call for all Christian women to examine their personal faith presuppositions, deliberately choose a life of Biblical 'dignity,' and to not be frightened to allow 'theology to inform our choices.'" **Just Between Us**, Summer 2013 issue

Unleash the Girls Lisa Z. Lindahl 2019-09-10 "The sports bra was and is more than a piece of sporting equipment, it has become a symbol and a vehicle for women and girls to propel themselves forward without inhibition towards the future that they are creating." —Brandi Chastain, American retired soccer player, two-time FIFA Women's World Cup champion, two-time Olympic gold-medalist, coach, and sports broadcaster ? "...an inspiring narrative about changing the world through fearless innovation...Lindahl writes with self-awareness, wit and wisdom." —Publishers Weekly, The BookLife Prize The 1970s saw women coming into their own, working hard to create new roles at home and in sports, culture, politics, and business. It was also the start of the "fitness revolution." At this unique intersection of feminism and athleticism, Lisa Lindahl's game-changing entrepreneurial journey began. She invented the first sports bra, the "Jogbra," in 1977. It was the right product at the right time, throwing Lisa into a high-stakes world of business and power—a world for which she was not fully prepared. **Unleash the Girls** is the improbable story of a young artist with a disability who used her powers of creativity to solve a vexing problem and ended up leveling the playing field for girls and women across the globe—literally, unleashing the girls. Her invention would become a feminist icon and the company she founded would change an industry. But amid the success, Lisa continued to search for meaning and the true nature of power and beauty. This is the untold story of the invention of the sports bra and how it changed the world for girls and women...and, along the way, changed Lisa, too. "The sports bra was and is more than a piece of sporting equipment, it has become a symbol and a vehicle for women and girls to propel themselves forward

without inhibition towards the future that they are creating. Prior to its inception, the concept of women running, jumping, lifting, competing, basically moving dynamically, caused reticence. Now, we run and move in every athletic space and then some. To say I don't think about my sports bra anymore is to say that I am free to accomplish and go after anything I want. I am empowered to embrace opportunity!" ~ Brandi Chastain, American retired soccer player, two-time FIFA Women's World Cup champion, two-time Olympic gold-medalist, coach, and sports broadcaster

Love's Refraction Jillian Deri 2015 In Love's Refraction, Jillian Deri explores the distinctive question of how and why polyamorists – people who practice consensual non-monogamy – manage jealousy. Her focus is on the polyamorist concept of “compersion” – taking pleasure in a lover's other romantic and sexual encounters.

The Wisdom of Bees Michael O'Malley 2010-05-13 "It seemed to me that the bees were working on the very same kinds of problems we are trying to solve. How can large, diverse groups work together harmoniously and productively? Perhaps we could take what the bees do so well and apply it to our institutions." When Michael O'Malley first took up beekeeping, he thought it would be a nice hobby to share with his ten-year-old son. But as he started to observe these industrious insects, he noticed that they do a lot more than just make honey. Bees not only work together to achieve a common goal but, in the process, create a highly coordinated, efficient, and remarkably productive organization. The hive behaved like a miniature but incredibly successful business. O'Malley also realized that bees can actually teach managers a lot about how to run their organizations. He identified twenty-five powerful insights, such as: * Distribute authority: the queen bee delegates relentlessly, and worker bees make daily decisions based on local cues and requirements. * Keep it simple: bees exchange only relevant information, operate under clear standards, and use straightforward measures and feedback to guide their actions. * Protect the future: when a lucrative vein of nectar is discovered, the entire colony doesn't rush off to mine it, no matter how enriching the short-term benefits. Blending practical advice with interesting facts about the hive, The Wisdom of Bees is a useful and entertaining guide for any manager looking to get the most out of his or her organization.

Girls and Sports Laura K. Egenorf 2012-05-11 This must-have book explores issues related to girls and sports through a collection of personal accounts and factual articles. Using a variety of sources, this book explores whether or not sports are good for girls' health, and how girls are coached differently than boys. Readers will evaluate the impact of Title IX, and the effect of sex segregation in boys and girls sports. Essay sources include the American Association of Cheerleading Coaches and Administrators, Women's Sports Foundation, Margaret C. Duncan, Michael Sokolove, and Sarah Gibbard Cook.

Envy Cindi Katz 2006-12 Probing scholarly essays chart the transition of a seven deadly sin from penis to the womb.

The Oxford Handbook of Women and Competition Maryanne L. Fisher 2017-08-14 While women are generally perceived to be less competitive than men, women compete in many ways and in a variety of situations. Women try to make themselves look more attractive to draw the attention of a desirable mate. They will use gossip as a form of informational warfare to influence reputations. They compete as mothers to gain access to resources that directly influence the health of their children. They use selfies posted on social media to manipulate others' perceptions. Women compete all of their lives: in the womb, through adolescence and adulthood, and into their elder years. The topic of women's competition has gained significant momentum over the years. Edited by Maryanne L. Fisher, The Oxford Handbook of Women and Competition provides readers with direct evidence of this growth and is one of the first scholarly volumes to focus specifically on this topic. Fisher and her team of contributors offer a definitive worldview of the current state of knowledge regarding competition among women today. Many of the chapters are grounded within an evolutionary framework, allowing for authors to investigate the adaptive nature of women's competitive behaviors, motivations, and cognition. Other chapters rely on alternative frameworks, with contributors also asserting that socio-cultural forces are the culprit shaping women's competitive drives. Additionally, several contributors focus their attention on issues faced by adolescent girls, and explore the developmental trajectories for young women through adulthood. Designed to serve as a source of inspiration for future research and direction, The Oxford Handbook of Women and Competition is a stand-out scholarly text focusing on the many competitive forces driving women today. Women's Health 2006-07 Womens Health magazine speaks to every aspect of a woman's life including

health, fitness, nutrition, emotional well-being, sex and relationships, beauty and style.
